Subject: Proposition 65 Compliance

Dear Valued Customer,

As you may be aware, in 1986 the voters in California enacted a law requiring companies which sell products in California, to notify individuals in California who may be exposed to certain specified chemicals or substances. That law is commonly referred to as Proposition 65. Although primarily a notice statute, Proposition 65 provides for substantial penalties to be imposed on companies that do not comply with its requirements.

Some of our residential/specialty wallcovering contains one of the 921 chemicals included on the Prop 65 listing believed by the State of California to cause cancer or reproductive harm. In order to provide a notice to our customers, York will be placing a notification label on wallcovering SKUs shipping from York Wallcoverings to California, effective December 1, 2014. A list of affected SKUs and sample of the label can be found on our website at:

http://ywcb2web1/WebsiteContent/img/misc/Prop65_Notification.pdf

Any existing or future product listed above and in your warehouse, when shipped to California, should also be labeled with the language below.

WARNING: This product contains a chemical known to the State of California to cause cancer

Should you have any questions please do not hesitate to contact your sales representative.

1" x 2" Label

WARNING: This product contains
a chemical known to the State of
California to cause cancer.
